Police: Woman 'Butt Dialed' 911, Discussed 'Illegal Activities'

BREMERTON, Wash., Aug. 16 (UPD) – Police in Washington state said a woman "learned that butt dialing can be more than just embarrassing" when a 911 operator heard about her "illegal activities."

Bremerton Police Chief Steven Stachan said in his weekly newsletter that a woman apparently accidentally dialed 911 from her pocket and operators heard the "very angry sounding" suspect talking to a man believed to be her boyfriend.

The woman was heard discussing "scratch tickets and illegal activities," leading officers to visit the address on Cherry

Ave. where the call originated. "When officers got to the area, she could be heard saying that she 'saw the police' and would 'not be going to jail.' She was seemingly clairvoyant, but that prediction was wrong," Stachan wrote.

The woman, who also allegedly tried to give police a fake name, was booked on an outstanding arrest warrant for trafficking in stolen property.

"The jail takes away inmate's cell phones, so she should be able to avoid this problem, at least for a while," Stachan wrote.

2016 Lexus RX 350

2016 Lexus RX 350

Who wouldn't love this sexy and sophisticated 5-door SUV? With its elegant good looks combined with all the comfort we should expect from a luxury vehicle, the RX-350 shines with star power.

I drove the RX-350 with a 3.5 liter direct-injected V6 gasoline engine with 8-speed automatic transmission last week. The Lexus purred with plenty of power to get around slower moving traffic. Thanks to its anti-lock braking system, the RX also showed off impressive, very responsive brakes when needed. This was deeply appreciated when a wreck on the freeway one night caused the vehicle in front of me to come to a sudden halt.

My silvery test model drew all eyes to the front, with its signature grille showcasing 18 individual LED lights that surround the front headlights. Thanks to Lexus Safety System, intelligent high beam lights provide extra visibility at night.

That same spindle design is found at the rear of the SUV. LED L-shaped taillights surround the tailgate, wrapping around rear fenders for a bolder, wider stance. Other stylish touches include roof rails, a panoramic moon roof, and illuminated door handles.

There's plenty of space in the cabin, with seating for five passengers and lots of rear cargo space.

Second row seats are comfortable and spacious, folding almost flat if more cargo space is needed. I especially loved the

touch-free power rear door which made opening and shutting the tailgate easier than ever. Special touches throughout the cabin remind us the RX is a luxury SUV.

The RX 350 also boasts all the technology features any geek might want. The instrument cluster has a new look, with easier access to information. The Lexus Heads-Up Display (HUD) lets the driver pay attention to the road ahead.

Jo Ann Holt

There are all the air bags and other safety features you might want to provide for your family's security. With Lexus Safety Connect adding automatic collision, emergency button and roadside assistance, the RX 350 has earned the government's 5-star safety rating.

The estimated fuel economy for the RX-350 is 20 mpg in town and 28 on the highway, for an average of 23 mpg. The MSRP for the RX 350-5 door SUV I drove was \$41,900.

Lexus had added quite a few options to my test model, raising the price (with destination charges) to \$54,025. These included Blind Spot Monitor with rear cross traffic alert, Lexus Safety System with triple beam LED headlamps, touch free power rear door, heated and ventilated front seats, panorama moon roof, Premium Audio Package, intuitive parking assist, and Premium Package with leather trim seats, rain sensing wiper, aluminum roof rails and Espresso Walnut Interior Wood trim.

Texan diagnosed with Zika illness after returning from trip

AUSTIN — A Texas resident who recently traveled to Miami, Florida, has tested positive for Zika virus disease, the Texas Department of State Health Services reported on Aug. 15.

The traveler, an El Paso County resident, sought testing after becoming ill. This is the first Texas case to be linked to travel within the continental United States. The

case will be classified as "travel-associated" and is being investigated for more details, the DSHS said.

While this is El Paso County's first reported case of Zika, Texas had 121 reported cases of the disease as of Aug. 19. The count includes three pregnant women, two infants infected before birth and one person who had sexual contact with a traveler.

State health officials are urging citizens to take precautions to protect themselves from mosquito bites and to get more information from the website, TexasZika.org.

Texas adds jobs in July

Even with the addition of 23,600 non-farm jobs in July, Texas' seasonally adjusted unemployment rate increased to 4.6 percent for the month, up from 4.5 percent in June.

The Texas Workforce Commission, however, in its monthly report issued Aug. 19, also noted that Texas' unemployment rate remained below the national rate of 4.9 percent.

And, according to the TWC, the labor market in the Lone

Star State has grown by an estimated 173,000 seasonally adjusted jobs over the past year. Also, state has added jobs in 15 of the last 16 months.

"Texas employers continued to create jobs last month in a range of industries that are important to the Texas economy," said Texas Workforce Commission Chairman Andres Alcantar. "TWC will continue to focus on the workforce needs of these crucial industries and build education and training partnerships that support job creation by Texas employers."

The Amarillo and Austin-Round Rock Metropolitan Statistical Areas recorded the lowest unemployment rate among Texas MSAs in July, with a non-seasonally adjusted rate of 3.6 percent, followed by the Lubbock MSA with a rate of 4.1 percent.

Military helps economy

Texas Comptroller Glenn Hegar on Aug. 18 posted a bulletin with information about his "Good for Texas Tour: Military Edition" — an official excursion that included visits to nine of the 15 military bases in Texas.

Those bases, he said, generate \$136.6 billion in economic activity each year, add \$81.4 billion to the state's gross domestic product and pay \$48.1 billion in personal income annually. The military helps support more than 800,000 Texas jobs, he said.

"It's an important part of a strong, diverse and growing Texas economy," Hegar added.

Last fall, Hegar traveled on his first Good for Texas Tour, visiting with people across the state to learn about strengths and weaknesses of local economies.

Goal is safe, sober travel

Leading up to the Labor Day holiday, the Texas Department of Transportation on Aug. 16 urged drivers to make a plan for a safe and sober ride home.

"Drinking and driving remains a big problem in Texas," said TxDOT Executive Director James Bass. "If you plan to drink, you must plan ahead for a safe and sober ride home. It's a plan that could save a family — even your own — from the heartbreak of losing a loved one."

The department's "Plan While You Can" campaign kicked off Aug. 16 in San Antonio and runs through Sept. 5 to coincide with Labor Day and increased DWI enforcement in Texas. During the Labor Day holiday period in 2015, there were 359 alcohol-related crashes that led to 12 fatalities and 36 serious injuries.

TxDOT suggested Texans visit SoberRides.org to find alternatives to drinking and driving.

DPS: Watch for children

With the start of the new school year ahead, the Texas Department of Public Safety on Aug. 17 cautioned Texans to watch for children who are walking to and from school or waiting for buses.

State law, TxDOT said, requires that approaching drivers stop when a bus is stopped and operating a visual signal, either red flashing lights or a stop sign. Drivers should not proceed until the school bus resumes motion, the driver is signaled by the bus driver to proceed, or the visual signal is no longer activated.

A driver does not have to stop for a school bus that is operating a visual signal if it is on a highway with roadways separated by an intervening space or physical barrier. Roadways are not considered separated if divided only by a left-turning lane, and drivers must stop for school buses.

COLLIN COUNTY FORECLOSURES

This application is being processed in an expedited manner, as allowed by the commission's rules in 30 Texas Administrative Code, Chapter 101, Subchapter J. This link to an electronic map of the site or facility's general location is provided as a public

courtesy and not part of the application or notice. For exact location, refer to application. <http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=33.140772&lng=-96.707781&zoom=13&type=r>. The proposed facility will emit the following air contaminants: particulate matter including (but not limited to) aggregate, cement, road dust, and particulate matter with diameters of 10 microns or less and 2.5 microns or less.

This application was submitted to the TCEQ on August 8, 2016. The application will be available for viewing and copying at the TCEQ central office, the TCEQ Dallas/Fort Worth regional office, and the McKinney Public Library - John & Judy Gay Branch, 6861 West Eldorado Parkway, McKinney, Collin County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Dallas/Fort Worth regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application.

PUBLIC COMMENT/PUBLIC MEETING You may submit public comments, a request for a public meeting, or request a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. **The deadline to submit public comments is 15 days after newspaper notice is published.** After the deadline for public comments, the executive director will prepare a response to all relevant and material, or significant public comments. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ's jurisdiction to consider in the permit process.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

If only comments are received on the application, the response to comments, along with notice of the executive director's action on the application, will be mailed to everyone who submitted comments or is on the mailing list

for this application.

The executive director will complete the technical review, issue a preliminary decision on the application, and a Notice of the Application and Preliminary Decision will be published and mailed to those who are on the mailing list for this application. That notice will contain the final deadline for submitting public comments. If a hearing request is timely filed in Response to this Notice of Receipt of Application and Intent to Obtain Air Permit, the time period for requesting a contested case hearing will be extended to thirty days after the mailing of the executive director's response to comments.

After the final deadline for public comments following the Notice of Application and Preliminary Decision, the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If any comments are received, the response to comments, along with the executive director's decision on the application, will then be mailed to everyone who submitted public comments or who is on a mailing list for this application, unless the application is directly referred to a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING You may request a contested case hearing. The applicant or the executive director may also request that the application be directly referred to a contested case hearing after technical review of the application. A contested case hearing is a legal proceeding similar to a civil trial in state district court. Unless a written request for a contested case hearing is filed within 15 days from this notice, the executive director may approve the application. **If no hearing request is received within this 15 day period, no further opportunity for hearing will be provided.** A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decision on the application. Further, the Commission will only grant a hearing on those issues submitted during the public comment period and not withdrawn.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. To request a hearing, a person must actually reside in a permanent residence within 440 yards of the proposed plant. If re-

questing a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant's name and Registration Number; (3) the statement "[I/we] request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests which the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 15 days following this notice to the Office of the Chief Clerk, at the address below.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period.** Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.
